

Lab Kit Order Form

Date: _____

Doctor/Health Practitioner Name: _____

Listed below is a list of labs available for purchase from Lab Tests Plus (www.labtestsplus.com). The checked items are the lab test kits I am recommending for you. Order the lab kits from LabTestsPlus.com. Test kits will be sent directly to the address you specify. Follow the instructions in each test kit and return the sample to the respective lab. The labs will send the test results directly to a Lab Tests Plus doctor for review, and Lab Tests Plus will email you your test results and a personalized written review of that lab test with suggested action steps, supplement recommendations, etc.

Due to HIPAA privacy regulations, our office cannot receive a copy of your self-ordered lab test results or written review without your consent. If you would like for our office to receive a copy of your test results and/or written review, you will need to contact Lab Tests Plus directly at labtestsplus@gmail.com and ask them to email a copy of the results to us at _____.

You can also send your test results and/or written review to our office directly.
